INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Valley Health Foundation
San Jose, California

Opinion

We have audited the financial statements of Valley Health Foundation (VHF) ("VHF"), a California nonprofit public benefit corporation, which comprise the statements of financial position as of December 31, 2024 and 2023, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of VHF as of December 31, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of VHF and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about VHF's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

To the Board of Directors of
Valley Health Foundation
San Jose, California

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of VHF's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about VHF's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

To the Board of Directors of
Valley Health Foundation
San Jose, California

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 5, 2025, on our consideration of VHF's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering VHF's internal control over financial reporting and compliance.

Valley Health Foundation (VHF)
Notes to the Financial Statements
For the Year Ended December 31, 2024

Note 1 - Organization and operations:

Valley Health Foundation (“VHF”) is a non-profit leader in community health and healthcare that fundraises to support, innovate, and advocate for better health for all in Santa Clara County. VHF helps patients, families, and dedicated healthcare professionals who serve in public healthcare facilities in Santa Clara County. VHF is for Santa Clara Valley Medical Center (“SCVMC”), O’Connor Hospital, St. Louise Regional Hospital (“SLRH”), 14 primary and specialty care health centers, Santa Clara County Public Health, Behavioral Health Services, and Custody Health. VHF also supports many community-based programs and services that share its mission to ensure better health for all.

The following are VHF's major programs and activities:

Susanne B. Wilson Women and Children’s Center Delivers Comprehensive Care - Located on the Santa Clara Valley Medical Center campus, Susanne B. Wilson Women and Children’s Center provides comprehensive care all under one roof - including a Mother and Baby Unit, Neonatal Intensive Care Unit (“NICU”), and Pediatric Intensive Care Unit (“PICU”). It is named in honor of former Santa Clara County Supervisor Susie Wilson, a trailblazer leader and champion of healthcare for all. Thanks to the generosity of donors, Valley Health Foundation has supported efforts to ensure the Women and Children’s Center is a welcoming space for the families and children it serves. Most recently, this includes a new library and outdoor patio that is open to patients and families during their inpatient stay. The library space provides a variety of books for youth of all ages that patients can enjoy. The colorful spaces mirror other art installations and spaces in the Women and Children’s Center (including the “Like a Multivitamin” installation in its courtyard). The Women and Children’s Center also unveiled a new art installation named “Sentia” in 2023. Created by German artist Christian Moeller, the 30-foot-tall kinetic sculpture is inspired by wildlife, such as the drinking bird or stork. Greeting patients from the roof, Sentia is a welcoming centerpiece for patients, especially children, as they arrive at the Women and Children’s Center.

Fleet of New Ambulances Assist with Transport - Santa Clara Valley Healthcare (“SCVH”) has rolled out a welcome new ambulance fleet to help make sure everyone gets the emergency care they need, right when they need it. Last May, SCVH introduced these ambulances to cut down on patient transport times across the public healthcare system. This means quicker transfers between the three public hospitals and other facilities like clinics, Behavioral Health, Custody Health Services, and more.

Reach Out and Read Integrates Books with Pediatric Care - VHF helps champion the powerful bond between books and children, much like the classic pairing of milk and cookies - only far healthier and essential for child development. To further this mission, VHF has joined forces with Reach Out and Read, an initiative through which an astounding 41,470 books have been distributed across seven Santa Clara County clinics over the past two years.

Valley Health Foundation (VHF)
Notes to the Financial Statements
For the Year Ended December 31, 2024

Note 1 - Organization and operations (continued):

High Resolution Screen Helps Guide Device Insertion for Burn Patients - Thanks to the supporters of the Valley Health Foundation Michael Van Every Burn Fund in 2024, the Burn Center at Santa Clara Valley Medical Center and St. Louise Regional Hospital's ICU received new equipment for high-quality, patient-centered care. In burn care, infection prevention is crucial for recovery. To assist in wound management, the Burn Center received the MolecuLight DX™ Fluorescence Imaging Device. This handheld device accurately measures wounds and detects bacteria early, providing clinicians with detailed images and data for informed care without touching the patient.

Response to Health Needs in the County - In 2023, VHF partnered with the Santa Clara County Public Health Department to repurpose the Covid-19 "Vax Mobile" into a general purpose mobile vaccine unit. Through generous donations, over 83,000 COVID-19 vaccinations were delivered to at-risk and hard-to-reach communities. Building on this success, the health department established the Mobile Response Team ("MRT"), using the van to promote health equity and accessibility by offering urgent, preventive, and educational services to high-need communities. Multi-lingual messaging advises communities about available services in their preferred languages. In 2024, the van distributed vaccines for Shigella, RSV, Hep B, Mpox, Measles, and provided Narcan to combat Fentanyl overdoses, in response to health needs in Santa Clara County. VHF donors funded a new exterior wrap for the van with messaging in English, Spanish, Vietnamese, and Chinese.

Making Healthcare Friendlier for Refugees - Accessing healthcare in the United States can be challenging for newly arrived refugees. They're navigating a new culture, language, laws, surroundings, community resources, transportation systems in addition to learning how to access healthcare in a system that is often markedly different from their country of origin. The TB Clinic & Refugee Health Assessment Program at VHC Lundy is the only clinic of its kind in the county. It serves as the first healthcare touchpoint for new refugees, asylees, humanitarian parolees, special immigrant visa holders, and human trafficking victims. Santa Clara County has one of the highest TB rates in California and among many services offered, they provide TB screening services to new refugees, many of whom may unknowingly have this transmittable disease. Santa Clara Valley Healthcare reached out to Valley Health Foundation to help them make the clinic environment welcoming and easy to access, encouraging informed healthcare use and early detection and treatment of TB and other chronic conditions. VHF secured a \$40,000 grant from the Myra Reinhard Foundation to support the immediate needs of the patient and families served by the TB and Refugee Clinic. The grant funds new and welcoming décor for family intake and pediatric exam rooms, adding interactive toys and vibrant colors to make the space more inviting. It also provides activities and snacks for children during appointments, as well as 1,000 care kits, including prenatal and infant care items, limited groceries, and short term transportation assistance.

Valley Health Foundation (VHF)
Notes to the Financial Statements
For the Year Ended December 31, 2024

Note 1 - Organization and operations (continued):

Pedi POWER Sounds Like A Super-Hero Name, But Is Much More! - Pedi POWER (Pediatricians Organizing and Working to End Racism) is a grassroots, SVHC physician-led movement centered on an anti-racism approach to medicine. Pedi POWER has received several awards, including the Health Equity Transformation Award and the Perinatal Equity Conference Appreciation Award. Pedi POWER advocates for equitable patient care, trainee education, and the recruitment and retention of pediatricians. Pedi POWER envisions a healthcare system that recognizes and corrects existing inequities through policy change, training, and through providing direct care that centers the rich diversity of its patient population. Valley Health Foundation was an early partner in Pedi POWER's efforts in 2020 to design and provide multilanguage COVID-19 vaccine educational materials because early signage endorsing vaccinations were almost entirely monolingual in English. Today, VHF helps support Pedi POWER's Book POWER program, distributing culturally representative books and summer kits that promote a love of literacy, link children to community resources, and promote fun learning activities particularly for low-income children during the summer months.

Improving Access to Childcare - Santa Clara County childcare providers faced many pandemic challenges, leading to the closure of over 600 childcare centers. Families continue to struggle to find affordable options. The County of Santa Clara, with help from VHF, stepped in to find solutions. The Childcare Expansion Grant Program, was established by the County of Santa Clara utilizing \$15 million from the American Rescue Plan Act. This grant program has helped childcare providers reopen, expand, and increase the availability of affordable childcare across Santa Clara County. As one childcare provider shared, "Transforming my daycare center into a remarkable learning center has been an incredibly rewarding journey." VHF develops and manages the application process, reviews submissions, and distributes funds, ensuring the grants focus on equity and improving access to affordable childcare. Nearly 500 applications were submitted. VHF expects to award more than 50 grants, resulting in over 600 new spaces for childcare, especially for infants and toddlers, across Santa Clara County. The County and VHF have prioritized ongoing individual support, translation of applications, and bilingual contracts throughout the program allowing equal access to all.

Valley Health Foundation (VHF)
Notes to the Financial Statements
For the Year Ended December 31, 2024

Note 1 - Organization and operations (continued):

Revitalize and Sustain: Supporting Nonprofits - The COVID-19 Nonprofit Resilience and Sustainability Grant Program was designed to strengthen the sustainability and responsiveness of community-based organizations in Santa Clara County. As one grant recipient shared, “With the support of this grant, our organization has been able to address systemic inequalities and support the wellness of our staff, allowing us to better care for our community.” Administered by Valley Health Foundation, this \$10 million, two-year program was funded by the County of Santa Clara through Federal Coronavirus State and Local Fiscal Recovery Funds under the American Rescue Plan Act. The program helped nonprofits tackle issues like lost revenue and infrastructure experienced during the pandemic by focusing on improving facilities, strategic planning, IT infrastructure, and collaboration with other nonprofits. A total of 87 grants were awarded to 77 nonprofit organizations serving the most vulnerable populations in Santa Clara County. Grants of up to \$150,000 were available in two categories: Resilience and Sustainability. The Resilience funds helped nonprofits recover from the economic impacts of the pandemic by replenishing inventory, strengthening IT and financial systems, and engaging in operational and/or strategic planning. The Sustainability funds focused on planning or implementing organizational changes, including strategic planning, staff training, and community outreach.

School-based Mental Health Wellness Centers - Mental health is health. Making sure our children have the necessary mental health and wellness resources is critical. County of Santa Clara Supervisor Susan Ellenberg said, “Even before the pandemic, we knew that levels of depression, anxiety, eating disorders, and other mental illnesses were on the rise among our youth. During the pandemic, the incidence of these illnesses skyrocketed.” VHF is administering the \$13.2 million School-based Behavioral Health Wellness Center Grant Program, designed to support Santa Clara County public school districts to open new wellness centers, supplement services at an existing wellness center, and/or strengthen and build operational infrastructure. The School-based Behavioral Health Wellness Center Grant Program is funded by the County of Santa Clara through Federal Coronavirus State and Local Fiscal Recovery Funds under the American Rescue Plan Act of 2021 (“ARPA”), State of California Mental Health Services Act Prevention and Early Intervention funds, Juvenile Justice Crime Prevention Act funds under the Youthful Offender Block Grant, and philanthropic contributions to VHF. To date, 39 schools across 14 Santa Clara County public school districts have received School-Based Behavioral Health Wellness Center Grant Program funds. These funds have immediately impacted the mental health and well-being of thousands of students. A leader from one participating school district said, “We are extremely excited for our Valley Health Foundation project as it has allowed us to become creative in ensuring our wellness centers are spaces that are therapeutic and welcoming, offering access to all students.” The Grant Program is part of Santa Clara County’s strategic vision to address inequity and improve public health, provide safety net services for the community, and support the County’s continued COVID-19 response.

Valley Health Foundation (VHF)
Notes to the Financial Statements
For the Year Ended December 31, 2024

Note 1 - Organization and operations (continued):

Turning Wheels for Kids - Bikes add fun to fitness, and there's nothing like a child's first bike. Turning Wheels for Kids ("TWFK"), a program of VHF, builds and distributes bikes with the goal of encouraging healthy and safe exercise for at risk, underserved and low-income families. Since 2003, generous donors to VHF have allowed TWFK volunteers and VHF staff to build and distribute more than 50,000 age-appropriate bikes (with locks and helmets) to low-income and underserved children. These bikes are crucial for social integration, confidence-building, and cognitive well-being. VHF proudly partners with SCVH pediatric programs, including the Pediatric Healthy Lifestyle Center, community-based organizations, schools, and faith-based organizations to identify and distribute bikes to children with the greatest need. Additionally, TWFK volunteers (including a large group of bike mechanics) and staff have hosted numerous "no cost" bike repair clinics across Santa Clara County, repairing 344 bikes for children in the past two years alone, ensuring safe and reliable transportation, and recreation for children.

Note 2 - Summary of significant accounting policies:

Basis of accounting - The financial statements have been prepared on the accrual basis of accounting, which recognizes revenue and support when earned and expenses when incurred and, accordingly, reflects all significant receivables and payables, and other liabilities.

Basis of presentation - VHF reports information regarding its financial position and activities according to two classes of net assets:

- *Without donor restrictions* - net assets which are available to support all activities of VHF without restrictions and include those net assets whose use is not restricted by donors, even though their use may be limited in other respects, such as by contract or board designation.
- *With donor restrictions* - net assets which are subject to donor-imposed restrictions that will be met rather by actions of VHF or the passage of time. Also included in this category are net assets restricted by the donor for investment in perpetuity, such as endowments. The income from such invested assets is available to support the activities of VHF.

Use of estimates - The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates under different assumptions or conditions.

Reclassification - Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements. These reclassifications have no effect on previously reported changes in net assets with donor restrictions.

Valley Health Foundation (VHF)
Notes to the Financial Statements
For the Year Ended December 31, 2024

Note 2 - Summary of significant accounting policies (continued):

Cash and cash equivalents - Cash and cash equivalents consist of cash and money market funds. VHF considers all net assets highly liquid investments with a maturity of three months or less at the date of purchase to be cash equivalents. The carrying amount in the statements of financial position approximates fair value.

Grants and pledges receivable - Grants and pledges receivable are either unconditional or conditional. Unconditional grants and pledges receivable depend only on the passage of time or the demand by the promisor for performance. A conditional grant or pledge receivable depends on the occurrence of a specified future and uncertain event to bind the promisor. Unconditional grants and pledges receivable represent the remaining amount due from the donors who have granted or pledged funds to VHF for use in its programs. There were no conditional grants or pledges for the years ended December 31, 2024 and 2023. Grants and pledges that are expected to be collected after one year are reported at present value based on the collectability of the grant or pledge and the timing of the expected cash flows. An allowance reserve for uncollectible grants and pledges has been established based on management's best estimates regarding collectability and current and future economic conditions. The financial statements reflect grants and pledges receivable net of the discount and allowance reserve, if any. Management determined no allowance is necessary for grants or pledges receivable as of December 31, 2024 and 2023.

Accounts receivable - Accounts receivable consist of receivables relating to the normal course of business and totaled approximately \$1,358,000, \$115,000, and \$936,000 as of December 31, 2024, 2023, and 2022, respectively. Accounts receivable are carried at the invoice amount less an estimate made for current expected credit losses. VHF separates accounts receivable into risk pools based on their aging and uses the allowance method to determine uncollectible receivables. The allowance is based on prior years' experience, management's analysis of specific receivables, and expectations about current and future economic conditions. There was no allowance as of December 31, 2024 and 2023.

Prepaid expenses - The majority of prepaid expenses includes prepaid health and other insurance expenses and prepaid program expenses.

Inventories - Inventories generally consist of merchandise for sale at the hospital gift shops and are valued at the lower of cost or net realizable value. Cost is determined by the first-in, first-out method. Net realizable value is the estimated selling prices in the ordinary course of business. VHF also purchases books for their campaign to support the Women and Children's Center program and the Reach Out & Read programs, as well as bicycles for their Turning Wheels for Kids Program. The bicycles are held as inventories until distributed and the Foundation had no bicycles in inventory as of December 31, 2024.

Valley Health Foundation (VHF)
Notes to the Financial Statements
For the Year Ended December 31, 2024

Note 2 - Summary of significant accounting policies (continued):

Investments - VHF invests in mutual funds which are valued in accordance with Fair Value Measurements. Contributions of investments are recorded at quoted market prices at the date of donation and are sold as soon as reasonably possible. Gains and losses that result from market fluctuations are recognized in the period such fluctuations occur as part of net assets without donor restrictions or as net assets with donor restrictions as appropriate. Realized gains and losses resulting from sales or maturities are the differences between the investment's cost basis and the sale or maturity settlement of the investment. Dividend and interest income are accrued when earned.

Property, equipment, software, depreciation, and amortization - Property and equipment are stated at cost or at their estimated fair value at the date of donation. Depreciation is computed using the straight-line method over the estimated useful life of the assets ranging from three to five years. Equipment and software purchases over \$3,000 and furniture purchases over \$5,000 are capitalized. Repairs and maintenance that do not improve or extend the useful life of the respective asset are expensed as incurred. Depreciation expense is allocated to the activity benefiting from the use of the property or equipment.

Software-in-progress - During 2024, the Foundation began implementation of a new Enterprise Resource System. Software-in-progress represents assets acquired and not yet placed into service. This software was placed into service in 2025.

Deferred revenue - Deferred revenue consists of grant funds for various grant programs including federal grant funds for VHF's School-Based Wellness Center Program, Childcare and Early Education Infrastructure Grant Program, and Community-based Organization Grant Program. Additional deferred revenue funds are related to the Behavioral Health Patient Navigator Outreach Grant Program beginning in April 2024.

Revenue recognition - Revenue from exchange transactions: VHF recognizes revenue in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 606, Revenue from Contracts with Customers. ASC 606 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition.

Valley Health Foundation (VHF)
Notes to the Financial Statements
For the Year Ended December 31, 2024

Note 2 - Summary of significant accounting policies (continued):

Revenue recognition (continued) - In accordance with ASC 606, VHF recognizes revenue upon the transfer of goods or services to a customer at an amount that reflects the expected consideration to be received in exchange for those goods or services. The principles in ASC 606 are applied using the following five steps: (i) identify the contract with a customer; (ii) identify the performance obligation(s) in the contract; (iii) determine the transaction price; (iv) allocate the transaction price to the performance obligation(s) in the contract; and (v) recognize revenue when (or as) VHF satisfies its performance obligation(s). VHF recognizes revenue when control of the promised goods or services are transferred to outside parties in an amount that reflects the consideration.

VHF recorded the following exchange transaction revenue in its statements of activities and changes in net assets for the years ending December 31, 2024 and 2023:

- *Special events* - VHF conducts special events in which a portion of the gross proceeds paid by the participant represents payment for the direct cost of the benefits received by the participant at the event - the exchange component, and a portion represents a contribution to VHF. Unless a verifiable objective means exists to demonstrate otherwise, the fair value of meals and entertainment provided at special events is measured at the actual cost to VHF. The contribution component is the excess of the gross proceeds over the fair value of the direct donor benefit. The performance obligation is delivery of the event. The event fee is set by VHF. FASB ASC 606 requires allocation of the transaction price to the performance obligation(s). Accordingly, VHF separately presents subsequent notes to the financial statements, the exchange and contribution components of the gross proceeds from special events. For special event fees received before year end for an event to occur after year end, VHF follows American Institute of Certified Public Accountants (“AICPA”) guidance where the inherent contribution is conditioned on the event taking place and is therefore treated as a refundable advance along with the exchange component. Special event fees collected by VHF in an advance period of its delivery are initially recognized as deferred revenue and recognized as special event revenue after delivery of the event.
- *Service fees* - VHF recognizes revenues from service fees in the period in which the conditions are met or the service is provided.
- *Sales of merchandise* - VHF operates various hospital gift shops, which sell various merchandise on a retail basis to customers. The performance obligation is the delivery of the good to the customer. The transaction price is established by VHF based supplier cost. As each item is individually priced, no allocation of the transaction price is necessary. VHF recognizes revenue as the customer pays and takes possession of the merchandise. No liability for probable customer returns was considered necessary as of December 31, 2024 and 2023.

Valley Health Foundation (VHF)
Notes to the Financial Statements
For the Year Ended December 31, 2024

Note 2 - Summary of significant accounting policies (continued):

Grant and contribution revenue - VHF reports contributions and grants as program revenue when received or pledged by the donor. Contributions are reported as net assets with donor restrictions if such gifts are restricted by the donor to a specific project, and/or include an explicit or implied time restriction. Expirations of net assets with donor restrictions (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from donor restrictions.

In-kind contributions - Contributed services are recognized at fair value if the services received (a) create or enhance long-lived assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Contributions of tangible assets are recognized at fair value when received. The amounts reflected in the accompanying financial statements as in-kind contributions are offset by like amounts included in the related functional expense category. In addition, several volunteers donated their time to program and support services. These contributions in-kind are not reflected in the financial statements as these services do not meet the criteria for recognition.

Grant assistance to U.S. entities - Grants are made in accordance with VHF's mission. Unconditional grants that are expected to be paid after one year are reported at fair value based on several factors included with the grant and the timing of the expected cash flows. Such fair value reserves are recorded only if material to the financial statements. Conditional grants are expensed and considered payable in the period the conditions are substantially satisfied.

Functional expense allocations - The costs of providing various program and supporting services have been summarized on a functional basis in the statements of activities and changes in net assets and statements of functional expenses. Salaries are allocated to various program and supporting services based on an estimated percentage of hours worked by employees. In-kind rent is allocated based on occupancy rates. All other expenses are directly allocated.

Advertising - Advertising costs are expensed as incurred. For the years ended December 31, 2024 and 2023, advertising costs were approximately \$122,000 and \$183,000, respectively.

Sales tax - The State of California (the "State") imposes a sales tax on all of VHF's sales of inventory sold at hospital gift shops to non-exempt customers. VHF collects sales tax from customers and remits the entire amount to the State. VHF's accounting policy is to exclude the tax collected and remit to the State from revenues and cost of goods sold.

Concentration of investments - Investments are maintained in a diversified portfolio with the assistance of professional investment advisors.

Valley Health Foundation (VHF)
Notes to the Financial Statements
For the Year Ended December 31, 2024

Note 2 - Summary of significant accounting policies (continued):

Concentration of credit risk - Financial instruments that potentially subject VHF to credit risk consist primarily of cash and cash equivalents. VHF maintains cash and cash equivalents with a commercial bank and other major financial institutions. These accounts are insured up to \$250,000 per depositor by an agency of the Federal government. At times, such amounts might exceed Federal Deposit Insurance Corporation ("FDIC") limits. It is VHF's opinion that it is not exposed to any significant credit risks.

Other concentrations - For the year ended December 31, 2024, there were three donors that made up 72% of total grants and contributions. For the year ended December 31, 2023, there was one donor that made up 59% of total grants and contributions. At December 31, 2024, three donors comprised 80% of total receivables. At December 31, 2023, three donors comprised 67% of total receivables.

Fair value of financial instruments - Unless otherwise indicated, the fair values of all reported assets and liabilities approximate the carrying values of such amounts.

Income taxes - VHF is exempt from federal income taxes under Internal Revenue Code Section 501(c)(3). Additionally, VHF is exempt from state income taxes under the California Revenue Code Section 23701(d). Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Accounting for uncertainty for income taxes - VHF evaluates its uncertain tax positions and will recognize a loss contingency when it is probable that a liability has been incurred as of the date of the financial statements and the amount of the loss can be reasonably estimated. The amount recognized is subject to estimate and management judgment with respect to the likely outcome of each uncertain tax position. The amount that is ultimately sustained for an individual uncertain tax position or for all uncertain tax positions in the aggregate could differ from the amount recognized. As of December 31, 2024 and 2023, management did not identify any uncertain tax positions.

Subsequent events - Subsequent events are evaluated through the date of the independent auditors' report, which is the date the financial statements were available to be issued and had been determined that no material subsequent events require an estimate to be recorded or disclosed as of December 31, 2024.

Valley Health Foundation (VHF)
Notes to the Financial Statements
For the Year Ended December 31, 2024

Note 3 - Liquidity and availability of financial assets:

As of December 31, financial assets and liquidity resources available within one year for general expenditure, such as operating expenses, were as follows:

	<u>2024</u>	<u>2023</u>
Cash and cash equivalents	\$ 6,123,553	\$ 10,069,836
Grants and pledges receivable, net	1,359,944	1,676,750
Accounts receivable	1,357,587	115,247
Investments	<u>14,460,695</u>	<u>13,060,021</u>
Total financial assets	23,301,779	24,921,854
Net assets with donor restrictions	(13,252,698)	(13,504,400)
Deferred revenue, restricted for future obligations	<u>(4,312,691)</u>	<u>(6,832,000)</u>
Financial assets available to meet general expenditures over the next twelve months	<u>\$ 5,736,390</u>	<u>\$ 4,585,454</u>

VHF is substantially supported by restricted contributions. Given that a donor's restriction requires resources to be used in a particular manner or in a future period, VHF must maintain sufficient resources to meet responsibilities to its donors. As part of VHF's liquidity management, it has a policy to structure its financial assets to be available as general expenditures, liabilities, and other obligations become due.

Note 4 - Grants and pledges receivable:

VHF received an \$825,000 multi-year pledge from the Sunlight Giving Foundation in April 2023. VHF received \$275,000 in 2024, with an outstanding balance of \$275,000 as of December 31, 2024. VHF expects to receive the remaining \$275,000 through 2025. The pledge has been discounted at an interest rate of 8.25% with an unamortized discount of approximately \$21,000 at December 31, 2024.

VHF received a \$180,000 multi-year pledge from the Santa Clara Family Health Plan in August 2023. VHF received \$60,000 in 2024, with an outstanding balance of \$60,000 as of December 31, 2024. VHF expects to receive the remaining \$60,000 through 2026. The pledge has been discounted at an interest rate of 8.50% with an unamortized discount of approximately \$5,000 at December 31, 2024.

Valley Health Foundation (VHF)
Notes to the Financial Statements
For the Year Ended December 31, 2024

Note 4 - Grants and pledges receivable (continued):

VHF received a \$1,695,000 multi-year pledge from the Roots and Wings Foundation in October 2024. VHF received \$535,000 in 2024, with an outstanding balance of \$1,160,000 as of December 31, 2024. VHF expects to receive the remaining \$1,160,000 through 2026. The pledge has been discounted at an interest rate of 8.00% with an unamortized discount of approximately \$126,000 at December 31, 2024.

The remaining balance of grants and pledges receivable consists of grants receivable due within one year.

Note 5 - Investments:

VHF follows the provisions of the Fair Value Measurements and Disclosure topic of the FASB ASC. These standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs consist of significant unobservable inputs. VHF uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, VHF measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

An investment's classification within a level in the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. VHF's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment. The categorization of the investment within the hierarchy is based upon the pricing transparency of the investment and does not necessarily correspond to VHF's perceived risk of that investment. VHF's investments are all Level 1, which are measured at fair value on a reoccurring basis based on quoted prices in active markets for identical assets.

Valley Health Foundation (VHF)
Notes to the Financial Statements
For the Year Ended December 31, 2024

Note 5 - Investments (continued):

The following table presents the fair value measurements of assets recognized in the accompanying statements of financial position measure at fair value on a recurring basis, all of which were within Level 1 of the fair value hierarchy as of December 31:

	<u>2024</u>	<u>2023</u>
Mutual funds	\$ 14,470,695	\$ 13,070,021
Less: investments restricted for permanent endowment	<u>(10,000)</u>	<u>(10,000)</u>
Total investments	<u>\$ 14,460,695</u>	<u>\$ 13,060,021</u>

The following schedule summarizes total investment returns for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Realized and unrealized gain, net	\$ 1,037,759	\$ 1,463,531
Interest and dividends	776,417	510,282
Interest and dividends - checking	<u>53,867</u>	<u>2,200</u>
Total investment income	1,868,043	1,976,013
Investment-related expenses	<u>(34,600)</u>	<u>(30,163)</u>
Total investment income, net of investment fees	<u>\$ 1,833,443</u>	<u>\$ 1,945,850</u>

Note 6 - Property, equipment, and software:

Property and equipment consisted of the following at December 31:

	<u>2024</u>	<u>2023</u>
Vehicle	\$ 29,543	\$ 29,543
Less: accumulated depreciation	<u>(28,136)</u>	<u>(23,915)</u>
	1,407	5,628
Software-in-progress	<u>156,386</u>	<u>-</u>
Total property, equipment, and software, net	<u>\$ 157,793</u>	<u>\$ 5,628</u>

Depreciation expense totaled approximately \$4,000 for the years ended December 31, 2024 and 2023.

Valley Health Foundation (VHF)
Notes to the Financial Statements
For the Year Ended December 31, 2024

Note 7 - Deferred revenue:

The activity and balances for deferred revenue from contracts with customers are shown in the following table:

	<u>Programs</u>	<u>Events</u>	<u>Total</u>
Balance at December 31, 2022	\$ -	\$ -	\$ -
Payments received for future year	<u>6,750,000</u>	<u>82,000</u>	<u>6,832,000</u>
Balance at December 31, 2023	6,750,000	82,000	6,832,000
Revenue recognized in current year	(8,711,565)	(82,000)	(8,793,565)
Payments received for future years	<u>6,232,707</u>	<u>41,549</u>	<u>6,274,256</u>
Balance at December 31, 2024	<u>\$ 4,271,142</u>	<u>\$ 41,549</u>	<u>\$ 4,312,691</u>

Note 8 - Net assets with donor restrictions:

At December 31, 2024 and 2023, VHF's net assets with donor restrictions consisted primarily of donations whose use was restricted by the donor to provide support for the Santa Clara Valley Health and Hospital System ("SCVHHS"). Net assets with donor restrictions are released when a grant is made which fulfills the intended use of the contribution. VHF also maintains a \$10,000 permanently restricted investment contribution in which the donor intended for VHF to use towards creating an endowment fund. As of December 31, 2024 and 2023, VHF has not created an endowment fund.

Note 9 - Sales of merchandise:

Sales of merchandise and related costs consisted of the following for the years ended December 31:

	<u>2024</u>	<u>2023</u>
Gross receipts	\$ <u>140,330</u>	\$ <u>200,184</u>
Cost of sales:		
Cost of goods sold	85,906	112,193
Other costs of sales		
Direct labor	122,099	107,892
Education and conference	1,723	1,275
Store supplies	5,261	5,811
Miscellaneous store expenses	<u>8,479</u>	<u>11,643</u>
Total other costs of sales	137,562	126,621
Total cost of sales	<u>223,468</u>	<u>238,814</u>
Net loss on sale of merchandise	<u>\$ (83,138)</u>	<u>\$ (38,630)</u>

Valley Health Foundation (VHF)
Notes to the Financial Statements
For the Year Ended December 31, 2024

Note 10 - In-kind contributions:

In-kind contributions of facilities, utilities, inventories, and other various items are recorded as contributions and expenses at their fair value at the time of contribution. In-kind support is recorded at its fair value on the date of donation. The following in-kind contributions were received by VHF during the years ended December 31:

	2024	2023	Utilization in Program / Activities	Donor Restrictions	Valuation Techniques and Inputs
Occupancy	\$ 378,951	\$ 367,913	Management and general	No associated donor restrictions	Estimated fair market value
COVID-19 equipment and supplies	531,541	2,115,072	COVID-19 support	No associated donor	Average retail value of donated items
Other	187,961	187,961	Management and general	No associated donor restrictions	Average retail value of donated items
Total in-kind contributions	<u>1,098,453</u>	<u>2,670,946</u>			
Less: special event in-kind	<u>(59,152)</u>	<u>(112,814)</u>			
	<u>\$ 1,039,301</u>	<u>\$ 2,558,132</u>			

In-kind occupancy and a portion of other in-kind contributions were contributed by related parties as disclosed in Note 11.

Note 11 - Related-party transactions:

During the years ended December 31, 2024 and 2023, VHF received contributions from Board member affiliates and management totaling approximately \$134,000 and \$159,000, respectively, including in-kind contributions of approximately \$45,000 and \$25,000, respectively, as disclosed in Note 10.

There were no related grants or scholarships provided by VHF as of December 31, 2024. For the year ended December 31, 2023, VHF provided a grant of approximately \$103,000, and \$10,000 in event sponsorships to an organization whose Vice President of Programs service is a VHF employee.

Valley Health Foundation (VHF)
Notes to the Financial Statements
For the Year Ended December 31, 2024

Note 12 - Special events:

VHF's special events are reported in the statements of activities and changes in net assets and consist of the following for the year ended December 31, 2024:

	<u>San Jose Q&A</u>	<u>Gala Event</u>	<u>Golf Tournament</u>	<u>Stars and Strides</u>	<u>Total</u>
Special event income:					
Tickets	\$ 3,825	\$ 121,770	\$ 122,375	\$ 110,596	\$ 358,566
Contributions	211,925	292,177	24,475	384,220	912,797
Fees (auction, merchandise)	10,500	65,733	4,555	4,439	85,227
In-kind	<u>-</u>	<u>28,651</u>	<u>21,120</u>	<u>9,381</u>	<u>59,152</u>
Total special event income	226,250	508,331	172,525	508,636	1,415,742

Total fundraising expenses for the years ended December 31, 2024 and 2023 were approximately \$1,844,000 and \$1,877,000, respectively.

Valley Health Foundation (VHF)
Notes to the Financial Statements
For the Year Ended December 31, 2024

Note 13 - SIMPLE IRA plan:

VHF established a Savings Incentive Match Plan for Employees (“SIMPLE”) Individual Retirement Plan (“IRA”) for the benefit of its employees. New employees become eligible when they receive at least \$5,000 in annual compensation in any two preceding years and are expected to be paid at least \$5,000 in the current year. Participants are eligible to make elective contributions and VHF contributes 2% of the employee’s compensation and matches up to 3% of compensation. For the years ended December 31, 2024 and 2023, VHF contributed approximately \$65,000 and \$60,000, respectively, on behalf of participants of the SIMPLE IRA.

Note 14 - Contingency:

Grants and awards - Grants and contracts awarded to VHF are subject to the funding agencies criteria, contract terms and regulations under which expenditures may be charged and are subject to audit under such terms, regulations and criteria.

Occasionally, such audits may determine that certain costs incurred in connection with the grants do not comply with the established criteria that govern them. In such cases, VHF could be held responsible for repayments to the funding agency for the costs or be subject to a reduction of future funding in the amount of the costs. Management does not anticipate any material questioned costs for the contracts and the grants administered during the period.

SUPPLEMENTARY INFORMATION

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the Board of Directors of
Valley Health Foundation
San Jose, California

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Valley Health Foundation's ("VHF,") a California nonprofit public benefit corporation, which comprise the statement of financial position as of December 31, 2024, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated June 5, 2025.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered VHF's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of VHF's internal control. Accordingly, we do not express an opinion on the effectiveness of VHF's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS (CONTINUED)

To the Board of Directors of
Valley Health Foundation
San Jose, California

Compliance and Other Matters

As part of obtaining reasonable assurance about whether VHF's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*. We noted no certain other matters that were reported to management of VHF in a separate letter.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL
PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN
ACCORDANCE WITH THE UNIFORM GUIDANCE

To the Board of Directors of
Valley Health Foundation
San Jose, California

Report on Compliance for Each Major Federal Program

We have audited Valley Health Foundation (VHF) ("VHF"), a California nonprofit public benefit corporation, compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of VHF's major federal programs for the year ended December 31, 2024. VHF's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of VHF's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* ("CFR") Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about VHF's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of VHF's compliance.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL
PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN
ACCORDANCE WITH THE UNIFORM GUIDANCE (CONTINUED)

To the Board of Directors of
Valley Health Foundation
San Jose, California

Opinion on Each Major Federal Program

In our opinion, VHF complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2024.

Report on Internal Control over Compliance

Management of VHF is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered VHF's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of VHF's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

San Jose, California

Report on Internal Control over Compliance (continued)

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Valley Health Foundation (VHF)
Single Audit Reports
Notes to the Schedule of Expenditures of Federal Awards
December 31, 2024

Note 1 - Organization and operations:

Valley Health Foundation (VHF) (“VHF”) is a non-profit leader in community health and healthcare that fundraises to support, innovate, and advocate for better health for all in Santa Clara County. VHF helps patients, families, and dedicated healthcare professionals who serve in public healthcare facilities in Santa Clara County. VHF is for Santa Clara Valley Medical Center (“SCVMC”), O’Connor Hospital, St. Louise Regional Hospital (“SLRH”), 14 primary and specialty care health centers, Santa Clara County Public Health, Behavioral Health Services, and Custody Health. VHF also supports many community-based programs and services that share our mission to ensure better health for all.

VHF has received a determination letter from the Internal Revenue Service that it is exempt from federal taxation under Section 501(c)(3) of the U.S. Internal Revenue Code. VHF is exempt from California franchise taxes under Revenue and Taxation Code Section 23701(d).

Note 2 - Summary of significant accounting policies:

Basis of accounting - Expenditures in the Schedule of Expenditures of Federal Awards (“SEFA”) are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the SEFA represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. VHF has elected to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

The information in the accompanying SEFA includes the federal grant and loan activity of VHF under programs of the federal government for the year ending December 31, 2024. The information in the SEFA is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (“Uniform Guidance”). Therefore, some amounts presented in the SEFA may differ from amounts presented in, or used in the preparation of, the financial statements. Although VHF is required to match certain grants, as defined by the grants, no such matching has been included as expenditures in the SEFA.

Valley Health Foundation (VHF)
Single Audit Reports
Schedule of Findings and Questioned Costs
December 31, 2024

A. SUMMARY OF AUDIT RESULTS

1. The auditors' report expresses an unmodified opinion on the financial statements of VHF.
2. No significant deficiencies relating to the audit of the financial statements are reported in the basic financial statements.
3. No instances of noncompliance material to the financial statements of VHF were disclosed during the audit.
4. No significant deficiencies relating to the audit of the major federal award programs are reported in the financial statements.
5. The auditors' report on compliance for the major federal award programs for VHF expresses an unmodified opinion.
6. Audit findings relative to the major federal award programs for VHF is reported in Part C of this Schedule below.
7. The programs tested as major programs include:

<u>Major Programs</u>	<u>ALN #</u>	<u>Expenditures</u>
U.S. Department of the Treasury:		
Coronavirus State and Local Fiscal Recovery Funds	21.027	\$ 8,081,179
Total Major Program Expenditures		\$ 8,081,179
Total Federal Award Expenditures		\$ 8,081,179
Percent of Total Federal Award Expenditures		100%

8. The threshold for distinguishing Types A and B programs was \$750,000.
9. VHF was determined to be a high risk auditee.
